NATIONAL ARCHIVES AND RECORD ADMINISTRATION
FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog.* You can also view the National Archives microfilm locator on our web site at *www.archives.gov.*

INTRODUCTION

On the 21 rolls of this microfilm publication, M1902, are reproduced the previously unfilmed records of the District of Columbia field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870. Some pre-Bureau records dated 1863 and 1864 are included. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of marriages, and employment registers. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105, at the National Archives Building in Washington, DC.

This film series completes the reproduction of all Bureau records created in the District of Columbia between 1865 and 1872. Many of these records were reproduced in 1978 and 1980 in National Archives Microfilm Publications M1055, *Records of the Assistant Commissioner for the District of Columbia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869,* and M1056, *Records of the Superintendent of Education for the District of Columbia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872.*

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. In the District of

Columbia, field office operations began in June 1865, when Col. John Eaton, Jr., was appointed Assistant Commissioner with headquarters in the city of Washington. Brig. Gen. J. C. Fullerton succeeded Eaton in December 1865 and served until February 7, 1866. Brig. Gen. Charles H. Howard, brother of Commissioner Howard, then served as the Assistant Commissioner until the position was discontinued in December 1868. Bvt. Maj. David G. Swaim then supervised operations until October 1869, when virtually all Bureau functions, except education, were terminated.

The Assistant Commissioner for the District of Columbia was responsible for Bureau affairs in the District, the Freedmen's Village in Virginia and the farms south of the Potomac, and the Government farms in St. Marys County, Maryland. In September 1865, Alexandria, Fairfax, and Loudon Counties, Virginia, were added to his jurisdiction. In August 1866, Loudon was transferred to the Assistant Commissioner for Virginia, and Alexandria and Fairfax Counties were transferred similarly in March 1867. In the same month, West Virginia was placed under the jurisdiction of the Assistant Commissioner for the District of Columbia. He was also responsible for Bureau affairs in Montgomery, Prince Georges, Anne Arundel, Charles, Calvert, and St. Marys Counties in Maryland. In January 1868, Washington and Allegheny Counties, Maryland, were added, and in August 1868, the remaining counties of Maryland and the State of Delaware were added to his jurisdiction. Although the officers in the neighboring Maryland and Virginia counties reported to the Assistant Commissioner of the District of Columbia, their records are among those of the subordinate officers for Maryland or Virginia.

While the work performed by Assistant Commissioners in each state and the District of Columbia was similar, the organizational structure of staff officers varied from jurisdiction to jurisdiction. In the District of Columbia, the Assistant Commissioner's staff consisted of a superintendent of education, an assistant inspector general (from time to time he served as the assistant adjutant general), an assistant quartermaster and disbursing officer, a superintendent of marriages, and a surgeon in chief. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts. For administrative purposes, agents were assigned to the various counties of Maryland, Virginia, and West Virginia. Within the District of Columbia, a subassistant commissioner was appointed to supervise Bureau activities for the communities of Georgetown and Washington. In 1868 Montgomery and Prince Georges Counties were added to his jurisdiction. A subassistant commissioner was also assigned to Alexandria County in January 1866; he reported to the Assistant Commissioner until responsibility for the supervision of the county was transferred to Virginia authorities. In addition to county agents and subassistant commissioners, local superintendents were appointed to supervise such Government projects as Barry Farm, located south of the Anacostia River, and the Sothron Farm in St. Marys County, Maryland. These farms were purchased with Bureau funds to aid freedmen in buying farmland. Other local superintendents were assigned to administer

Freedmen's Village and schools and hospitals. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of known District of Columbia subordinate field office personnel and their dates of service, see the Appendix.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education. In August 1865, Rev. John Kimball was appointed superintendent of education for the District of Columbia and served until replaced by Maj. D. G. Swaim in October 1869. Maj. W. L. VanDerlip succeeded Swaim in December 1869 and remained in the position until August 1870, when educational activities in the District of Columbia were discontinued.

Because the jurisdiction of the superintendent of education for the District of Columbia included areas other than the District itself, his records include reports and correspondence relating to schools in Maryland, West Virginia, Delaware, and parts of Virginia.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states and the District of Columbia.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN THE DISTRICT OF COLUMBIA

The major activities of the Freedmen's Bureau field office in the District of Columbia generally resembled those conducted in other states. The Bureau provided relief from poverty and destitution, provided transportation and employment for needy freedmen, worked with benevolent societies in the establishment of schools, provided assistance in legalizing slave marriages and various legal matters, and worked with black soldiers and sailors in obtaining back pay, bounty payments, and pensions.

To relieve problems of destitution and poverty and to aid the aged, orphans, and infirm in the District of Columbia and Virginia, the Bureau offered various forms of assistance. The Bureau established an asylum at the Freedmen's Village in Arlington, Virginia, for destitute men, women, and children. It was located across the Potomac River from Washington, DC, on the estate formerly owned by Robert E. Lee. It originated with the War Department in 1863 as a "model community" for the freedmen in the Washington area and was continued by the Freedmen's Bureau for destitute freedmen. Also, under the auspices of a women's campaign, "National Appreciation of the relief of destitute colored women and children," the Bureau constructed a building for the Colored Orphans Home of Washington, DC. In addition, the Brooklyn Home for Children of Freedmen, under the direction of the African Civilization Society, received aid from the Bureau to allow temporary relief for freedwomen to look for employment. When "The Farm School for colored boys"

in the District of Columbia ceased its operations on June 14, 1867, the Bureau provided homes for inmates, and assisted others who returned to their parents.[1]

As a part of its ongoing relief efforts, the Bureau also issued rations to both the Freedmen's Hospital in the District of Columbia and Abbott Hospital at Freedmen's Village. Up to a 3-day supply of rations was given to freedmen who sought employment outside the city, and rations were given to those destitute refugees and freedmen who weren't considered permanent residents of Washington. In 1866 Congress authorized a special relief appropriation of $25,000 for the poor in the District of Columbia, and an additional expenditure of $15,000 in 1867. A Special Relief Commission headed by Robert Reyburn, surgeon in chief of the District of Columbia, was established by Assistant Commissioner Howard to administer the appropriations. The Commission provided food, clothing, and other essentials to both blacks and whites in the city. The Commission maintained registers of applicants who applied for relief and forwarded weekly reports of its operations to the Assistant Commissioner. The Assistant Commissioner also received additional reports relating to rations, clothing, and medicine issued by other Bureau officials.[2]

One of the major challenges facing Freedmen's Bureau officials in the Washington, DC, field office was to reduce the number of freedmen in the city who depended on the Bureau for assistance. When the Civil War began, thousands of freedmen flocked to the capital city from the surrounding areas of Maryland and Virginia. After Congress abolished slavery in the District of Columbia in 1862, thousands more migrated to the city, causing overcrowding, destitution, and significant increases in unemployment. A census taken by the Bureau in the winter and spring of 1866 revealed a black population of more than 31,000 in Washington and Georgetown, many of whom were unable to find work. To relieve the Government of the burden of providing support for these individuals and to encourage independence, Assistant Commissioner Charles Howard solicited the help of Northern aid societies in Philadelphia, PA; Boston, MA; New York; and Providence, RI. Howard believed that if large numbers of freedmen in the District of Columbia could secure employment in other parts of country, conditions would improve for those who remained. To carry out his plan, Howard established employment offices in both the District of Columbia and Northern cities and provided rations and free transportation for interested freedmen to prospective employers. Employment offices (a.k.a., "intelligence offices") were established in various parts of the capital, and the

[1] These Bureau relief projects are explained in Annual Reports of the Assistant Commissioners, District of Columbia, October 10, 1867, [pp. 27–30], Records of the Commissioner, Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105, National Archives Building (NAB).

[2] Ibid., [pp. 30–31]. See also Register of Ration Requests and Weekly Reports of Operations of the Special Relief Commission, *Records of the Assistant Commissioner for the District of Columbia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869* (National Archives Microfilm Publication M1055, roll 16).

Bureau hired several employment agents and paid the rent of employment offices in New Jersey; Providence, RI; Hartford, CT; and Boston, MA. In many instances, employment agents traveled with freedmen to the North and took them to the employment office or the employer. Officials in charge of employment offices in Washington; Alexandria, VA; and northern employment offices forwarded trimonthly and monthly reports of their operations to the Assistant Commissioner. The Assistant Commissioner also received reports from local agents regarding destitute freedmen.[3]

By October 1867, the Bureau had provided resettlement transportation for more than 9,000 freedmen from the District of Columbia. Many others received help finding homes in Maryland and Virginia, to where transportation was not required. However, in spite of the Bureau's claims of reducing the dependency of the black population in the District of Columbia, poverty and unemployment remained an issue. In a circular issued October 5, 1867 (Circular Number 6), Howard, probably realizing the shortcomings of the employment program, limited transportation to orphans and women with small children, thus gradually closing employment offices in and around the city.[4]

To further deal with the continued problem of poverty and unemployment, and to remove freedmen from some of the most deplorable living conditions in the District of Columbia and Alexandria, Virginia, the Bureau set aside certain buildings under its control as tenements. Several barracks in and around Washington were provided for some 350 families, and in Alexandria accommodations were made for more than 100 families. Families were charged a moderate rent, amounting to nearly a third of what they had paid to their former landlords for filthy shanties and huts. For those who could not find work at an adequate wage to support their families, Assistant Commissioner Howard ordered Bvt. Col. S. P. Lee, superintendent of Alexandria, Fairfax, and Loudon Counties, to rent some 550 acres of land at Camp Distribution (near Alexandria) for tenements. Land was sub-rented to heads of families in lots from 5 to 40 acres, at a cost to the Government of $800 per year. Small lots were also rented to freedmen in Arlington and St. Marys County, Maryland.

Superintendents of the barracks forwarded monthly reports of occupying tenants to the Assistant Commissioner. The reports provided the name and occupation of the head of the family, the number in the family, the number of rooms occupied, the rate of rent per month, the amount(s) of rent paid, and the amount of rent in arrears.[5]

In an effort to assist freedmen in securing land, the Bureau provided funds for the purchase of 375 acres of property south of the Anacostia River known as the "Barry Farm." Portions of the land were sold to freedmen in 1-acre lots. Freedmen were required to make monthly payments for 2 years before they received full ownership of the property. The Bureau cleared the roads leading to the lots and provided lumber and assistance in the construction of houses. By the fall of 1867, the Bureau reported that at least 180 lots had been sold and some 90 houses were either complete or under construction. With the help of the Bureau, freedmen at the "Barry Farm" project built a school on one of the lots.[6]

The educational efforts of the District of Columbia field office were similar to Bureau operations in other states. The Bureau, by and large, assisted with construction, rental, and repair of school buildings, while benevolent societies provided teachers and paid their salaries. The Bureau also provided free transportation for teachers and assisted them in getting government rations at cost. The superintendent of education, Rev. John Kimball, forwarded monthly school reports to Bureau headquarters and received monthly school reports from subordinate officers and from superintendents of schools sponsored by benevolent societies. In the District of Columbia, the Bureau worked closely with the board of trustees appointed by an act of Congress on May 21, 1862 (12 Stat. 407), to "aid in the support of the colored race." The Trustees provided lots upon which the Bureau erected several school buildings. In 1866 the Assistant Commissioner reported that in his district there were more than 70 schools and over 6,000 students being taught by 132 teachers. There were 15 night schools and 20 Sabbath schools with slightly more than 3,000 students. There were 45 day schools (including industrial schools) conducted in buildings provided and furnished by the Bureau.[7]

The educational efforts of the Bureau's field office in its Maryland areas of jurisdiction were hampered by a system of illegal apprenticeship of school-age children. In direct conflict with the Civil Rights Act of 1866 (14 Stat. 27), black children were being bound to their former owners for indefinite periods of time with the help of Maryland government officials. An estimated 10,000 black children were bound out as apprentices between 1864 and 1867. The Bureau, however, through writs of *habeas corpus* and other court actions, fought vigorously to have these children released. By 1868, the intense efforts of the Bureau had largely ended the

Doc. No. 6, 39th Cong., 2nd Sess., Serial vol. 1276, p. 38. See also William H. Williams, *The Negro in the District of Columbia during Reconstruction,* especially pp. 25–30.

apprenticeship system in Maryland.[8]

Although the illegal apprenticeship system hindered the Bureau's educational activities in Maryland, the agency still managed to provide assistance with the construction and repair of school buildings and protection of and transportation for teachers. To increase the Bureau's visibility and to gauge the interest of freedmen in the establishment of schools, Superintendent Kimball traveled to various counties in Maryland, holding meetings on the benefits of education and the Bureau's intention to provide aid for schools. In addition, the Bureau worked hand in hand with private benevolent societies, such as the Baltimore Association, the American Missionary Association, and the Freedmen's Union Association, to sustain freedmen schools during a period when white opposition to black schools in Maryland was intense and support for such schools was nonexistent. From October 1867 to October 1868, the Bureau provided aid and assistance to 80 schools in Maryland.[9]

West Virginia maintained a system of free education, but whites controlled funds for schools and the employment of teachers, and schools for blacks and whites were required by law to be separate. Bureau officials worked closely with the West Virginia superintendent of free schools in the establishment of schools for freedmen. As in Maryland, Bureau officials traveled throughout West Virginia counties, advising freedmen of its support and plans for building freedmen schools. Similar to other areas under its jurisdiction, the Bureau supplied funds for buildings, and teachers were generally paid from public funds, contributions from blacks, and aid from benevolent societies. By 1868, with cooperation mostly from freedmen themselves, the Bureau was able to establish 9 schools in West Virginia. Although there were no laws in Delaware by October 1868 for the support of black schools, the Delaware Association, with assistance from Northern societies, sustained some 23 schools in various parts of the state. The Freedmen's Bureau provided assistance in the construction of 12 of the school buildings.[10]

Safeguarding rights and securing justice for freedmen was of paramount concern to the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Oliver Otis Howard on May 30, 1865, Assistant

Low, "The Freedmen's Bureau in the Border States," in *Radicalism, Racism, and Party Realignment: The Border States during Reconstruction*, ed. Richard O. Curry, (Baltimore: John Hopkins Press, 1969), p. 247.

[9] W. A. Low, "The Freedmen's Bureau in the Border States," pp. 247–49. Annual Reports of the Assistant Commissioners, District of Columbia, October 10, 1868, [pp. 11–13, 15–24].

[10] Annual Reports of the Assistant Commissioners, District of Columbia, October 10, 1868, [pp. 26–30]. See also W. A. Low, "The Freedmen's Bureau in the Border States," p. 257.

Commissioners were authorized, in places where civil law had been interrupted and blacks' rights to justice were being denied, to adjudicate cases between blacks themselves and between blacks and whites. In the District of Columbia and Maryland, the civil process of law had not been interrupted, and unlike many areas of the South under the Bureau's jurisdiction, no freedmen's or provost courts were in operation. The Bureau did however, provide legal assistance to freedmen in civil and criminal cases in the both the District of Columbia and Maryland. This was done especially in instances where freedmen lacked counsel and in cases where Bureau officials felt that freedmen were wrongly convicted or imprisoned. Court cases involving freedmen in Alexandria, VA, were handled by provost courts until June 10, 1866, when the Virginia legislature abolished laws that did not allow blacks to sue or be a party to a suit, or testify in cases in which they were involved. In 1868, the Assistant Commissioner reported that nearly 900 cases had been attended to by the Bureau. A large percentage of the cases involved incidents in Maryland.[11]

The Freedmen Bureau's field office in the District of Columbia made a special effort to assist freed men and women in legalizing marriages that they had entered into during their enslavement. Continuing a practice that had been started by Northern missionaries and Army clergy, Rev. John Kimball, who served as the superintendent of marriages for the District of Columbia, advised freedmen of the act of Congress of July 25, 1866 (14 Stat. 236), relating to slave marriages. The act stipulated that all persons who recognized each other as man and wife prior to the act were now legally married. Superintendent Kimball and his assistants issued marriage licenses and certificates and forwarded them along with marriage reports to the Office of the Commissioner. During the year, Kimball issued more than 1,000 marriage certificates. Nearly half of the couples who received certificates had lived in slavery without any form of marriage ceremony. Kimball also registered couples and forwarded ministers' reports of marriages that were retained by the Assistant Commissioner. In addition to the reports received from Kimball, the Assistant Commissioner also received reports from other officers regarding laws relating to marriage in the District of Columbia, Maryland, and Virginia. A March 22, 1867, act of the Maryland General Assembly validated freedmen marriages in Maryland. In Virginia, two February 27, 1866, acts of the Virginia General Assembly made provisions for issuing marriage licenses and the registration and legalization of marriage relations entered into by former slave couples.[12]

[12] Annual Reports of the Assistant Commissioners, District of Columbia, October 10, 1867, [pp. 11–13]; *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861–1869* (National Archives Microfilm Publication M1875, roll 1), RG 105. See also Miscellaneous Reports and Lists, M1055, roll 21.

In addition to assisting freedmen in solemnizing slave marriages, the Bureau helped discharged soldiers and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Freedmen's Bureau the sole agent for payment of claims of black veterans, Bureau disbursing officers assisted veterans in the preparation and settlement of claims. While many of the subdistricts under the jurisdiction of the District of Columbia field office were involved in veterans claims, most of the activities of the Bureau were centered in Baltimore, MD, where two full-time disbursing officers were assigned to settle and pay veterans claims. In 1868 Bureau agents disbursed more than $100,000 for military claims.[13]

RECORDS DESCRIPTION

The records reproduced in this microfilm publication consist of volumes and inbound records. The volumes were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that do not appear in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are a number of blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, employment registers, registers of contraband camps, marriage records, special orders and circulars issued, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters received, special orders and circulars received, labor contracts, monthly reports, transportation orders, employment rosters, and ministers' reports relating to marriages.

LIST OF BOOK RECORDS

The single-volume list of book records of officers in the District of Columbia (no date) is arranged by office, with records of the Assistant Commissioner first. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the volume number appears in parentheses in the series descriptions of the records.

OFFICES OF STAFF OFFICERS

Assistant Inspector General

The single-volume name index (53½) to the single-volume of letters sent (53), mentioned below, is undated. The numbers in the index refer to the number of the letter.

The single-volume of letters sent, March 1866–September 1868 (53), is arranged and numbered in chronological order, although there are sections of the volume in which the communications were not copied in chronological order. Some of the communications in this volume are also copied in the five volumes of letters sent by the Assistant Commissioner that have been reproduced on Rolls 1 and 2 of Microfilm Publication M1055.

The single-volume name and subject index (52½) to the register of letters received and endorsements sent (52), mentioned below, is undated. The numbers in the index refer to the number of the letter.

The single-volume register of letters received and endorsements sent, March 1866–December 1868 (52), is arranged alphabetically by initial letter of the surname of the correspondent and thereunder arranged in chronological order and numbered.

Unbound letters received, April 1866–August 1868, are arranged according to their entry in the single-volume register of letters received.

Unbound unregistered letters received, March 1866–August 1868, are arranged chronologically.

Unbound inventory and inspection reports of quartermaster stores and medical property, November 1866–October 1868, are arranged chronologically. The reports were submitted on a printed form on which the reporting officer listed the articles; from whom they were received; condition of the articles; and whether the articles should be dropped from returns, repaired, or destroyed.

Assistant Quartermaster and Disbursing Officer

The two volumes of registers of letters sent, June 1865–August 1869, 1 (58) and 2 (59), are arranged by time period. The entries are arranged alphabetically by initial letter of surname of addressee, thereunder by press book (five volumes of press copies of letters sent mentioned below), and thereunder chronologically.

The five volumes of press copies of letters sent, 1 (60), 2 (61), 3 (62), 4 (63), and 5 (64), cover the period June 1864–August 1869. Volume 1 (60) is dated June 1864–December 1866; Volume 2 (61), May 1866–October 1867; Volume 3 (62), May 1866–April 1868; Volume 4 (63), January–July 1867;and Volume 5 (64), April 1868–August 1869. There are name indexes for volumes 1 (60), 2 (61), and 3 (62).

For a register of these letters, see the two volumes of registers of letters sent mentioned above. Some of the letters in Volume 1 (60) were signed by E. A. Holman, superintendent of Government Farms South of the Potomac and by John A. Elison, chief quartermaster for the Department of Washington.

The four volumes of press copies of letters sent, requisitions, and receipts, September 1864–August 1869, 1 (66), 2 (67), 3 (68), and 4 (69), are arranged chronologically, and there are name indexes for volumes 1 (66) and 2 (67). This series is composed mainly of receipts and requisitions and letters relating to supplies.

The two volumes of registers of letters received, June 1865–August 1869, 1 (55) and 2 (56), are arranged by time period. The entries are arranged alphabetically by initial letter of the surname or office of correspondent and thereunder chronologically. The actual letters received are mentioned below.

Unbound letters received, May 1865–August 1869, are in two numerical sequences. Although these letters are entered in the two volumes of registers of letters received, 1 (55) and 2 (56), it appears as if the letters were first arranged and numbered in chronological order, and then the entry number of the letter was written next to the entry in the register.

Unbound unregistered letters received, September 1866–August 1869, are arranged chronologically.

The single volume of letters received, August 1865–August 1866 (57), is arranged in four subseries and thereunder chronologically. The subseries include letters from the Third Auditor, the Quartermaster, Commissioner O. O. Howard, and from "miscellaneous" sources. The "miscellaneous" include letters from depot quartermasters, private individuals, and other War Department offices.

Unbound contracts for labor and services, March 1865–June 1869, are arranged chronologically. Most of the contracts are for the repair and construction of buildings.

Unbound transportation orders received from Bureau headquarters, June 1867—March 1869, are arranged chronologically. The orders give the name and destination of the person or article.

The single-volume register of disbursements, September 1865–December 1868 (73), is arranged chronologically. The register gives the name of the person to whom the disbursement was made, the date, the voucher number, and the amount and nature of the account.

Superintendent of Marriages
The single-volume register of marriages, November 1866–July 1867 (30), is arranged by month and thereunder by name of minister issuing the certificate. The register gives the date the certificate was issued, the name of the minister who issued the certificate, the names of the couple, former residences, the date of their marriage, who performed the ceremony, the number of children from previous marriages, and remarks of the minister.

Unbound ministers reports of marriage certificates issued to freedmen, November 1866–January 1867, are arranged chronologically. In their reports, the ministers usually listed the couples who were issued certificates. Included in this series are copies of Superintendent Kimball's reports to the Assistant Commissioner. The last item is a marriage license dated October 1869.

Surgeon in Chief
The single volume of letters sent, February 1867–September 1870 (no number), is arranged alphabetically by initial letter of surname of addressee and thereunder chronologically. There are only a few letters dated 1870.

The single volume of endorsements sent and received, February 1867–March 1870 (no number), is arranged chronologically.

The single-volume register of letters received, February 1867–May 1870 (no number), is arranged alphabetically by initial letter of the surname of correspondent and thereunder arranged and numbered in chronological order. The letters in this series have not been located. Most appear to have been forwarded to other officers, and the volume contains many cross-references to endorsements in the single volume of endorsements sent and received mentioned above.

SUBORDINATE FIELD OFFICES
Local Superintendent for Washington and Georgetown
Correspondence

The single-volume name index (78½) is an index to the two volumes of letters sent, July 1865—September 1868, 1 (77) and 2 (78), mentioned below. The numbers in the index volume refer to the page numbers in the volumes of letters sent.

The two volumes of letters sent, July 1865–September 1868, 1 (77) and 2 (78), are arranged chronologically. See name index above.

The two volumes of endorsements sent and received, July 1865–September 1868, 1 (80) and 2 (81), are arranged chronologically.

The single-volume name index is an index to only Volume 3 (76) of the three volumes of registers of letters received that cover the period July 1865–September 1868, mentioned below. The numbers in the volume refer to page numbers.

The three volumes of registers of letters received, July–August 1865 and October 1866–September 1868, 1 (74), 2 (75), and 3 (76), are arranged by time period. The actual letters received are described below. The entries in the volumes are arranged chronologically and numbered in three sequences: July–August 1865; October 1866–April 1868, volumes 1 (74) and 2 (75); and April–September 1868, volume 3 (76).

Unbound letters received, October 1866–August 1868, are arranged according to their entry in the registers of letters received mentioned above. Letters received July–Aug. 1865 and registered in volume 1 (74) appear to be missing from these unbound letters received. The September letters, entered in register volume 3 (76), are also missing.

Unbound unregistered letters received, August 1865 and February 1866–October 1868, are arranged chronologically.

Reports

The two volumes of reports forwarded to the Assistant Commissioner, July 1865–October 1868, 1 (95) and 2 (97), are arranged chronologically. Volume 1 (95) consists of reports of tenements occupied by freedmen, reports of funds, rosters of employees of the local superintendent, as well as reports of employment offices. Volume 1 (95) also contains a register of employees, July 1865–June 1867 (pages 266–69), and a register of accounts, December 1866–June 1867 (page 336). Volume 2 (97) consists of reports of the business of the employment office. It also contains circulars issued by the local superintendent, December 1866–August 1867; a list of employees under the direction of the local superintendent who are entitled to rations, June–October 1868; and miscellaneous receipts and memorandums, February–June 1868.

Unbound monthly rosters, reports of persons and articles hired, and time reports, June 1866–August 1868, are arranged chronologically.

Unbound monthly reports from superintendents of industrial schools of materials and clothing received, expended, and on hand, April 1867–April 1868, are arranged chronologically.

Records Relating to Employment of Freedmen

Unbound letters received by employment agents, January 1866–November 1867, arranged by agent and thereunder chronologically. These letters were received by the following agents: J. L. Roberts, Miss W. F. Harris, O.S.B. Wall, and D. R. Disbrow.

The single-volume "employment" register, July 1867–October 1868 (88), is arranged chronologically. The register gives the names and addresses of applicants for servants, the kind of help desired, and the wages offered. The register usually gives the names, ages, and addresses of servants sent to the applicant. The volume also contains names of men sent to work on an arsenal and to work for General Michler repairing the streets.

The two volumes of "employment" registers from the Wisewell Barracks cover the period August 1866–August 1868 1 (91) and 2 (96). Volume 1 (91) is a register of employers provided servants, and Volume 2 (96) is a register of servants. Both are arranged chronologically. In addition to giving the name of the employer, Volume 1 (91) gives the address of the employer, the number and class of servants sent, and the pay per month. Volume 2 (96) gives the names and ages of servants.

The two volumes of "employment" registers from East Capitol Street Barracks cover the period December 1866–February 1868, 1 (90) and 2 (94). Volume 1 (90) is a register of employers, and Volume 2 (94) is a register of servants. Both volumes are arranged chronologically. Volume 1 (90) gives the name and address of employer, the number and class of servants sent, and the rate of pay per month. Volume 2 (94) gives the name and age of the servant.

Unbound labor contracts, August 1865–March 1867, are arranged numerically, with unnumbered contracts at the end of the series. Contracts between freedmen and employers were witnessed by the local superintendent. Most are printed forms, and they usually indicate the period of service, the rate of wages, and the type of work to be performed.

Unbound monthly rosters from employment agents and superintendents of barracks, November 1866–August 1868, are arranged chronologically.

The single volume of cash accounts of the employment office, July 1865–February 1867 (93), is arranged chronologically. The volume appears to be the accounts of the employment office operated by the local superintendent J.V.W. Vandenburgh.

Other Records

Unbound consolidated weekly reports of sick and wounded freedmen, February 1867–July 1868, are arranged chronologically. The reports are printed forms on which the surgeons showed the number of men, women, and children under their care; the number at the last weekly report; the number admitted since last report; the number discharged, transferred, or died; and the number of medical attendants on duty.

The single-volume register of freedmen departing from Mason's Island, VA, May 1864–July 1865 (92) is arranged chronologically. The register gives the names, sex, and ages of freedmen and the places where they were sent. The volume also contains

a register of applicants for employment dated June 1865, which was probably compiled by an employment agent in the District of Columbia. For other records relating to Mason's Island, see the single volume of accounts of materials used in industrial schools and miscellaneous lists (98) mentioned below.

The single-volume register of patients in the female ward of Lincoln Hospital, July 1866–March 1867 (no number), is arranged chronologically. Another list or register of patients, July–October 1866, appears at the end of the book. The register gives the name, age, and type of illness of the patient, and the dates of admission and discharge from the hospital.

Unbound agents' and superintendents' monthly lists of articles received, expended, or on hand, March 1867–August 1868, are arranged chronologically.

The single volume of accounts of materials used in industrial schools and miscellaneous lists, 1863–68 (98), is arranged by type of record. The volume includes the following: lists of contrabands and articles debted or credited, June 1863; list of articles received by D. B. Nichols, superintendent of contrabands for the Department of Washington, June–April 1863; register of deaths at Mason's Island, VA, February–June 1865; register of freedmen seeking employment, August 1866–August 1867; and accounts of materials used in industrial schools, February–March 1868.

The single volume of accounts, August 1865–July 1867 (82), is arranged chronologically. For a register of accounts for December 1866–July 1867, see volume 2 (95) of reports forwarded to the Assistant Commissioner mentioned above.

The single volume of miscellaneous records of the East Capitol Street Barracks, 1866–68 (79), is arranged by type of record. The volume includes a register of payments received from tenants of the East Capitol Street Barracks, May 1866–August 1867; letters and circulars received and a few copies of letters sent, November 1866–January 1868; and miscellaneous contracts, 1866–67.

The single-volume name index to tenement book is not dated (38). The volume that this book indexes has not been found.

Subassistant Commissioner (Subdistrict 1)
This subdistrict consisted of Washington and Georgetown, and in 1868 it also included the surrounding Maryland counties of Montgomery and Prince Georges.

The single volume of letters sent, October 1867–June 1868 (86), is arranged chronologically.

The single volume of endorsements sent, October 1867–September 1868 (87), is arranged chronologically.

The single-volume register of letters received, October 1867–September 1868 (85), is arranged alphabetically by initial letter of the surname of the correspondent and thereunder arranged in chronological order and numbered.

Unbound letters received, October 1867, consists of four letters.

Barry Farm
The Barry Farm project was an attempt by the Bureau to enable freedmen to purchase land. The farm was located south of the Anacostia River and was purchased by trustees from funds supplied by the Bureau. The trustees were to sell the land in 1-acre lots to freedmen, who were to pay for it within 2 years.

The single volume of press copies of letters sent and received by the superintendent of Barry Farm, September 1867–March 1869 (100), is arranged chronologically and has a name index.

Freedmen's Village
Freedmen's Village was located across the Potomac River from Washington, DC, on the estate formerly owned by Robert E. Lee. It originated in 1863 as a "model community" for the freedmen in the Washington area and was continued by the Bureau of Refugees, Freedmen, and Abandoned Lands largely as a place for destitute freedmen.

The single volume of letters sent by the superintendent, July 1867–November 1868 (111), is arranged chronologically. Most of the letters are addressed to the Assistant Commissioner and his staff, and they relate to the general operations of the Freedmen's Village. The volume was originally listed as a Virginia record.

Unbound letters received, December 1864–December 1868, are arranged chronologically. Most of the letters were either sent or returned by the Assistant Commissioner and his staff, but a few are reports from teachers and letters from freedmen.

The single volume of letters and orders received, October 1865–February 1868 (99), is arranged chronologically. From October 1865 to July 1867 the letters and orders copied in the volume were addressed to the assistant surgeon at Abbott Hospital, which was located within Freedmen's Village. Also included for the period are some letters sent by the surgeon. After July 1867, the letters are addressed to the superintendent of Freedmen's Village. Almost all of the letters and orders are from the Assistant Commissioner and his staff.

Unbound special orders and circular letters received, February 1866–October 1868, are arranged by type of order and thereunder chronologically. The orders are primarily issuances from the Assistant Commissioner.

Unbound reports, 1865–68, are arranged by type of report. The series includes reports of persons and articles hired, operations reports, rosters, quarterly statements of quartermaster property, estimates of rations, returns of animals, and reports of forage drawn.

Unbound labor contracts, 1864, consist of three items. They are labor contracts witnessed by the chief quartermaster for the Department of Washington.

The single-volume register of people arriving at Freedmen's Village, January 1867–June 1868 (84), is arranged chronologically. The register gives the name and age of the person, the date of arrival, condition or state of health, and name of agent who recommended him for Freedmen's Village. The volume also contains registers of freedmen arriving at Camps Springdale, Wadsworth, Rucker, and Beckwith, 1863–65, and also a register of departures from Camp Springdale. These registers give the name, age, marital status, and former residence of the freedman.

Unbound reports of sick and wounded, returns of medical and hospital property, and statements of receipts and expenditures at Abbott Hospital, 1866–68, are arranged by type of record. For other records relating to Abbott Hospital, see the single volume of letters received (99) mentioned above.

Unbound receipts for materials received by superintendents of workshops and receipts for rent received from the superintendent of Freedmen's Village, December 1864–April 1867, are arranged chronologically. The receipts for materials are also arranged numerically.

RELATED RECORDS

In the same record group, RG 105, and related to records of the field offices for the District of Columbia, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Washington, DC. These record series are available in the following National Archives microfilm publications:

M742, ***Selected Series of Records Issued by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872***

M752, ***Registers and Letters Received by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872***

M803, ***Records of the Education Division of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1871***

M1055, ***Records of the Assistant Commissioner for the District of Columbia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869***

M1056, ***Records of the Superintendent of Education for the District of Columbia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872***

M1875, ***Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869***

Records in other record groups supplement those of the Assistant Commissioner and subordinate field offices. In Records of United States Army Continental Commands, 1821–1920, RG 393, are records of the military district that included the District of Columbia. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865–1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with the bank branches at the District of Columbia.

There have been numerous books, articles, and dissertations published about the Freedmen's Bureau and its operations. For general background, see Paul S. Pierce, *The Freedmen's Bureau, A Chapter in the History of Reconstruction* (Iowa City, IA: 1904), and George R. Bentley, *A History of the Freedmen's Bureau* (Philadelphia, PA: 1955).

Several books written about Commissioner Oliver Otis Howard include *Autobiography of Oliver Otis Howard* (New York, NY: 1907); John Alcott Carpenter, *Sword and Olive Branch: Oliver Otis Howard* (Pittsburgh, PA: 1964); and William S. McFeely, *Yankee Stepfather: O. O. Howard and the Freedmen* (New Haven, CT: 1968).

NARA 85

The colored persons to whom land has been rented the past season, have with a few exceptions, cultivated the land well and raised good crops; and those who have been industrious in earning what they could, when not engaged on their land will have sufficient to make their families comfortable for the winter. The other people of the village and vicinity have, most of them dependence upon jobs of work here and there, and as there has not been employment for all, there are many who have secured but a scanty living through the summer, and have nothing laid up for the coming winter.

Among the dependents are many women with children; most of these women are able to work, but are living here on a scanty ration in idleness and rags, because they cannot, on account of their children and the scarcity of work get employment in this vicinity

The number of inmates of the "home" for the old and infirm has greatly increased, many having been sent here from various places. They are generally comfortably provided for and clothing is being made to supply the needy.

The number of deaths in the village and vicinity, has been unusually small and there has been very little sickness except chills and fever which has been very prevalent for the last few months

NARA 86

Habits of immorality and a disregard of lawful marriage (the result of their former condition) is still prevalent among them, as is shown by several instances of those contemplating marriage, living together as husband and wife before having the necessary rite performed. In such cases I have required the parties to get married forthwith, but think some more stringent measures should be taken to entirely break up the practice. There are several women here dependents, who are raising children without husbands, some of them having been here for two or three years, following the same course of life. Some remedy should be found for this evil.

The punishment for offences have been confinement in the guard house, and some have been ordered to leave the village —

I am Sir

Very Respectfully

Your Obedient Servant

A. A. Lawrence

Capt. 1st U.S. Inft. & A.A.G.M.

NARA 92

Enfield — A few cases have occurred in the Epidemic Sickness. Men, Women, & Children. Few married, and those entitled a dependent husband or wife upon the Village —

The means for good and sufficient Women is very enlarged and for use a hospital. This appears, when completed, may afford means of furnishing for this unfortunate class. Fortunately as the number is entirely known — There has not been made a corresponding improvement in the accommodations for aged, infirm Widows and invalid Men —

The ratio of deaths and births during the period of this report, has been considerably less than during the preceding period of the same length — A large proportion of the deaths, have been among the aged and of chronic diseases.

A board of health exists in the Original Authority, but has been a limitation to the successful administration of affairs of the Village.

Respectfully
Yours &c
Dr. L. Peirce

NARA 138

Freedmen's Village Va-
January 29th 1867

General

Understanding from Mrs. Ricks- the present Matron - that she is to be relieved from duty here the first of next month, I have the honor to request the appointment of my wife - Mrs. Margaret L. Wheeler - in her place. I am led to do this not simply from the pecuniary income she would receive, but from a settled conviction that the interests of the Freed-people, and of the Bureau, will be better attended to by one in whom I can have such entire confidence and who can at all times have access to me, than it would be by a comparative stranger. I am convinced that a want of harmony in the administration of the affairs of this village, between the Matron and some of the Officers here, has been one cause of trouble already. My wife is a Maryland woman and belongs to a family that has always been loyal to the Govt. Although they have never owned slaves, and have been strongly & conscientiously opposed to slavery, —

NARA 139

yet she has lived all her life amongst slave-holders, and understands the condition, habits, feelings and wants of the colored people much better than most women from the Northern States are able to do. The simple fact of her being my wife ought not to constitute a valid objection to her appointment. In truth it seems to me a good argument in favor of it. As my wife, she would have a stronger motive for being careful in the ipuing of property for which I am accountable, than anyone else would have. While at the same time it would be for the mutual interest of us both, that she should take all posible pains to see that the really destitute and needy were properly cared for. And I therefore pledge myself for the strict, faithful and conscientious manner in which she will discharge her duties. And she will cheerfully resign her position (should she receive it) the moment she receives the slightest hint that it would be acceptable to you. Trusting — whether my application is successful or not — that you will not attribute it to mercenary motives

I have the honor to be

I would respectfully request permission to have a new dead house constructed, and authority to make Requisition for the necessary lumber. The present Dead House, or what is used as such, is merely a cellar under the wards of the Hospital. There is not room enough in it for any post mortem operations that might be necessary, and it is also used as a place of deposit for worn out & broken furniture. In addition to this, it must in hot weather be very offensive to the patients above, and not very conducive to their health ~~of the~~.

I have the honor to be Sir

Sir.

I have the honor to make my usual weekly Report of the Sanitary Condition of this Village, as follows:

I found the Village generally, and every part of it, in a very much better condition than it has ever been before, since I have been here.
Some of the suggestions in my last Report, have not as yet been attended to — but I am aware that the bad weather is the cause. The Wash House of the Hospital needs to be propped, to prevent the floor from giving way. I found Slap was needed in some windows at House 4 C — 14 D — & in Long House Dining Room. I would suggest that the Carpenters be instructed to fix one window in each Dependent house, so that it can be let down from the top, and that a Ventilator be made in the roof of the Long House. I found that the Water pipes in the Long House Dining Room had not been fixed, and I sent the Plumber up there — as only a few moments labor was required. The Bath Room pipes in the Old Home, have not been fixed, and I would suggest that the Plumber be instructed to attend to them before anything else. — I found three rooms in the old Home that had not been scrubbed out, and I gave Peterson particular instructions to see that it was done at once. The work at the Privies should be hurried up as soon as the weather permits. Dr. McElwaine and myself are preparing, as fast as we are able, a list of Dependents able to do some work, and will specify the amount & kind of labor they are capable of doing. As soon as that is done

NARA 144

I think there will be force enough to fix things up.
— In Conclusion: I feel gratified Sir, to see the marked change for the better, that has taken place within the last ten or twelve days, both in the neatness and cleanliness of the whole place, outdoors and in, but also in the more comfortable condition and appearance of the people. — Though I am aware that much yet remains to be done.

I am Sir

very Respectfully

Lieutenant:

Mrs Francis Jones, (colored) makes application this day for a colored girl living at Freedmens Village who is an orphan and whom she desires to adopt.

Mrs Jones has not made a selection of any particular child, but desires to do. She states that she lives at Hallo Hill in Virginia is able to and will clothe, feed and educate the child that may be allowed her. She has a husband who is in lucrative employment and who joins her in making a request to adopt an orphan child living at the Village. I respectfully request that her request be granted.

Captain,

Some two weeks since an old Colored Woman named Mary Skinner, aged 54 years, applied at this office for a situation, I had none at that time for which I thought her suitable and she requested me to write to you if I could secure a place for her.

Dr. Van Arnum, of Washington, wants an Elderly woman to do the light work in house and attend to a child - (There are but three persons in the Doctors family)

If Mary can come to this office tomorrow morning I will give the Doctors address, and she can see what arrangement can be made.

Very Respectfully

Bureau 1st

F Kellogg

Col

NARA 139

Fredericksburg Va June 23d 1866

Brevet Lieut Colonel H
Asst Commissioner

Colonel

I have the honor to report that in compliance with instructions contained in your letter of the 16th inst I proceeded to the vicinity of Accotink, on the 17th inst. I called myself known to all the colored people I met on the road and informed them of the nature of my business

On Sunday the 18th inst I proceeded to the house of Rev Colby at which place it was intended that the colored residents near "Pine Spring" were to assemble for Divine worship (next line below) & meet them and addressed them with view of ascertaining the facts in the case. I found there a very dark man of about forty five years of age who stated he was made free by his master still about seventeen years before the outbreak of the ~~rebellion~~ rebellion but was detained by the heirs of his master until 1861 during part of which time he paid the children or heirs of his master the sum of two hundred and forty dollars ($240) a year for the privilege of working for himself. He states the will of his master by which he was made free was recorded in Culpepper Court House Va

On the 25th of Dec Cary was hauling
on the road near Gilmanton to cross the
river by some men who claim the name of
Ostbed him of $1½ dollars, from which he
means he was forced of — So then went a
field 7 rods East from Christ Lawson and
found L. dead. He has over a couple hun
dred on the land — Owns two horses two cows
and about one hundred chickens and has two pre
out buildings for the shelter of his horses &c &c &c

The reason for mentioning the
affair at such length is because Cary has display
just about courage as per se I could give him
My other reasons than that, I would also
state that he had two acres of land under cul
tivation —

Near the Hunting Creek bridge at
a place called creek grove I found three colored men
working sixty acres of land which they had planted
in corn which was to be cleared with a Mr Millard
who was their owner previous to the war —

On the 20th inst I was called on by a man named
Peter Fort who claimed to have worked for a white man
named John Young who had employed Fort and his wife
for the period of three months, for which time he was
to receive the sum of eight dollars ($8) for month and
his wife two dollars ($2) per month. Young owes
Peter Fort and his wife Forty seven dollars

NARA 161

language towards them and Fort quit work refusing for pay for Tuesday and owe the sum of ten dollars $10— and a bill of Bacon which Spann to valued at $10— leaving a balance due Fort of ten dollars ($10) which Spann refused to pay

I called at Spann's but he was absent from home I told his son to tell him it would be well for him to pay Fort all that was due him—

and I am inclined to think Fort will get all the money that is due him—

Forts wife also worked for a man named James Martin near the old Pollock church for the period of three months for which she was to receive the sum of three dollars per month, but which Martin refused to pay. I visited Martin and asked him why he did not pay Forts wife. He stated that he never engaged to pay Mrs Fort any thing— He is a man ~~and~~ - who does not impress one very favourably at first sight and is evidently a lover of the dear old institution, my impression is that he owes Mrs Fort the money claimed "I" $9— and I respectfully request instructions as to what shall be done in the case—

A colored man named George Robinson also complained to me that he worked at ditching for a colored man who had always been free the sum to be paid for the ditching done was twenty eight dollars $28— after the work was done Grandar (the

NARA 162

name of the man for whom Robinson worked) —
refuses to pay Robinson claiming that the debts were not out according to agreement — Quandor I think intends to compell to pay Robinson something for the work done —

Ed Parker has ninety acres of land from he rents from Dr Robin on which he expects to clear upwards of one hundred and fifty dollars Jonus States rents one hundred and ten acres from Dr Robin and will clear upwards of three hundred dollars this summer —

Samuel K Lee a very intelligent colored man who bought his freedom before the war and now resides on the Emerson tract has quite a nice farm under a good state of cultivation

Lee owns a small house and lot on the Emmerson tract which he offered to be used as a school house for the colored children in the neighborhood, He states that he once offered fifty dollars a ~~month~~ year rent for the house and lot but that he preferred to allow it to be used as a school for the benefit of his people

On the night of Thursday the 8th of June 1865 the above mentioned house was set on fire and burned to the ground, It is believed to have been set on fire by some malicious white person to prevent the colored children being educated —

The children are now being taught at

NARA 163

the house of Charles Ford (cold) near the Dam
springe — and I understand it has been intimated
by some parties in the neighbourhood that his house
should also be burned —

At Dr Linton's and Geo
Isaac Thornburg's place there are upwards of fifty
colored people living who are doing well — working
strongly the country for the farmers and clothing
around in the winter.

Several families living in
the vicinity of accotink are from the north
and many belong to the society of Friends. I
conversed with many of these people and they seem
to be very favourably disposed towards the colored
people in some instances loaning them agri-
cultural — implements and assisting them in
various ways —

The Quakers and many of people
living in the neighbourhood inform me that
they believe from fifty to one hundred families
could settle in the neighborhood of Accotink
and by industry and economy make for them
selves a comfortable living and families

There is quite a large amount
abandoned land near accotink upon which
many of the freedmen could be settled —

Wm McCarty owned five hundred and
eighty acres he sold several hundred and

NARA 164

had two sons in the rebel army

Also Landstreets farm on the Mount air tract three hundred acres upon which there is a house and out buildings

Also the Blitzstein tract of one five Hundred acres upon which there is an abundance of timber

Also Homelesse farm of two hundred acres, all of the above land I am told are recorded as confiscated

The above mentioned section of the County would in my estimation be an excellent place for many of the colored people near near Washington to settle, the location is a healthy one, and the people are of a class who seem to be disposed to assist the colored people. The Alexandria Market is of easy access. Wood could be had for cultivation Hay might also be in the way of furnishing Sod &c.

The wages paid hands who work on the farms visited by me range from ten to sixteen dollars per month.

The Farmers are apparently happy and contented and seem to fully appreciate their position and I believe are doing all they can towards self elivation

If in accordance with your views

NARA 163

I think it would be well to have two or more schools established near each and Lewis Springs or where the children of the neighborhood could attend, as I dislike to learn of any public school in the vicinity of either of the above named places —

Believing that I have given you a full account of all matters & circumstances that came under my notice while absent from the place — and assuring you that I have endeavored to carry out faithfully all orders given me —

I am Colonel,

Most Respectfully
your Obt Servt

Enclosure 3015

NARA 167

Bureau R. F. & A. L. Freedmen's Bldg. Co Sept 30 1868

Brev Maj Genl C. H. Howard
Asst Comr, D.C.

General

I have Endorsed upon & sent herewith and Endorsed upon & Bvt Maj Swain having been referred to me for remarks, I have carefully examined both, and compared all the claims with all the facts in my possession relating upon the same, and now beg leave to say of "remarks" to call your attention to the same, Bvt Maj Swain appears that in discharge of the official duties, he could not perform the investigation which he was directed to make, therefore I instructed Lieut Sartelle to proceed to investigate and report with such recommendations as (to Lieut S) might seem fit to make "thereon" "upon examination", from which examination stated "that any satisfactory conclusion could be arrived at, as to whether there had been fraud or misconduct in the matter."
He "did become convinced that the charges of fraudulent practices - and of corruption pursuits - All that I can say, Lieut

NARA 168

from taken. by the examination of other books papers or persons among the effects of the hospital, Thereupon the commissioners must have been presumptive of the remainder of the account, being a refusal upon the refusal of such testimony and with upon personal investigation of my Servants. - Charges not found by Commissioners. Grounds found, either of wilful Error, or otherwise culpable, on the part of the Defendant's. And in the period specified upon such testimony, was entirely during my absence from the Office, and the Office was closed and suspended as Commissioner and during the absence of the Deputies - the refusal seems not to be an entirely false premise

He does not know to what extent he is responsible for mercy & entire pay of Corps the books. and does not [illegible] the [illegible] of the Deputies,

On my return from Camp Jewett I found a letter from Dr. McElvain, acting Surgn - in my absence

on the one side, and Lieut Jarbett
Mrs. Hennessy + Mrs. McCullers, on the
other side, — This feud called for an injury
on my part and elicited the complaint from
Dr McElwee, thus, in his absence for a
day. Lieut Jarbett, had returned to the
Superintendent — Issued certain orders as
Dead a one of which I forbade a Lieut
forcibly entered two rooms, containing Liquors
and other stores, under the Exclusive
control of Dr McE. — taken possession of
said rooms in the 2nd Dr Finley —
furnished with funds for Liquor, and used
as the private rooms of the Superintendent —

On the other hand — complaint was made
that Dr McElwee has Disparagingly spoken
improperly — Expressing public opinion, and
Censuring the measures + Conduct of the
Officers for private purposes —

Such was the Spirit of antagonism then
Existing — and in my opinion, unfolding
Lieut J. for the investigation, depended upon

The investigation, was made without any evasion except the records of the Hospital records, and the report contains many errors —

The defendant over issue of meat, bread and vegetable rations, tho' containing some errors — is within 6 or 8 rations of what should be 5393 rations — 1608 rations of potatoes should be 6600 — &c — is essentially correct — There was an over issue of three rations — There has been a similar over issue for many previous months during the years for the following causes — 1st that mentioned in the Evidence of Mr Swain, ~~that~~ the issue to detachments present outside the Valley, and not enumerated in the ration returns, was principally meat & bread — 2nd — the constant employment of the Defendants, under to Officers of the Bureau, & other Officers in the Department — to Senators and Members of Congress — as well as to citizens, whereupon the defendants could get a hungry, has induced the issuing of just as large quantities — & sales

NARA 171

as the hospital fund would in any
by account, ~~and~~ 3d — the fact — as
demonstrative of the census report of the
Regt + Brig Brown — that men pro-
vision fund. as dependents, of the belig-
erent were entitled on the [illegible]

4th — The injudicious issue of rations to
all persons entitled to them, and during
the months of July and August — so many persons
were at the village, from the city: on business connected
with the change in affairs — a table was kept
supplied with provisions from the commissary
of the hospital — the giving of subsistence stores
to the families of white employes — even the
pastoral visits of Asst Surgeon. being almost en-
tirely dependent for his own & his family
as [illegible] and [illegible] for his men — from
the same source —
the absence of [illegible] — [illegible]
Le-S — a rule — and of always
open to inspection

NARA 172

3

4 Texas the Republic found would in my
by account, ~~and~~ 3d — the fact — as
demonstrative of the certain effect of the
Clayton + Guy Bruce — that men pufed
their funds, as defendants, on the Valley
Farm were connected in the Valise story,
— the effect that Miss Monarch had
no better & deny the merits of Guy —
is simply foolish, — because — Miss Monarch has
been furnished letters or evidence from the
State, as her duties were to prepare Abstracts
and not found for the defendants —
The Report Trust "the" books that
purports to contain an entry of all purchases
can not compared with the Abstract
on file at the office of the County
Treasurer — as the book in the
Abstract Company of Hopkins, from which
the Abstracts of Contingent, formed a
U.S. — a mile — and it clearly
open to inspection

NARA 173

There has never been a man by the
name of Charles Winston at the Pillager,
I judge the agent, has come to a
Mrs Brisner, Wife. When Mrs. O'Neal
was Deputy Agent, at the Pillager.
Lived in the family of O'Neal, and
made his Deputy returns, and Return
quarterly made Returns of Property, two
or three months for me, when my
Clerk was not able to do all the
work of the Office, Returns, Liquor
Ind. Issues Etc at the Hospital
table and all, but at the private
table of Dr. McClain, Neither did
I ever receive any Instructions or Returns
Granting permits, Except of cutting
of some person having charge of the same
This man Brisner was refused every
from the Pillager by Last Indian, on the
17th of July - at the Office. Reason he
Brisner Refused to give up to Parker
the Keys of two rooms Entrusted to him
by Dr McClain, and the Goods two
Rooms Were Broken open by Last D.

NARA 174

as mentioned above, without authority
That two colored and one
White Employee &c. out of the
Provost Mess table of the Hospitals, is
untrue, - firstly because no Employees
except Hospital attendants eat at the
hospital Mess table, and secondly-
there were no Provost Mess tables at the
three Farms attended to, and ac-
cordingly ~~the~~ none of the Provost tables
of Sc. M'Clean.

That ~~the~~ Employees could have
done all the work of the three Employed
since the first of July, is possible -
for the work could and ought to have
been to do, during the month of July -
but suspended, owing to the packing up
of the Tilly, and all but one of the
employees should have been discharged
with the employees on the 31st of July -
I can inform the Committee however
that they did some work for Fish & Co

NARA 175

one of both houses - but none to which
both Houses publish duties -

A Coast of Canada (two feet) has
arrived to the Acts of this Territ -
inspection, and testimony authority, but
the Land is also in good condition
and is low "on hand" (subject to
Sale or use) on my return -
This Land has suffered - Land
by one of the public Agents -

The Seal of Land of Canada Land
to Alexandria - has for Reporting the
Name of Mrs Perkins, aged 2 Yr among
to accompany the enclosed oath of Jury -
Proceedings - The remainder of
the Report, calls for no remarks -
except the last claim, to wit,
"Names in the Oath Report of the Sec-
punctuation, have been altered to suit
the 'Territorial Report' - Which Claim
is utterly false and without
foundation,

I have the honor to be very respectfully

Since my last quarterly Report nothing of unusual interest has transpired; The Public Buildings of the Village have been through the past quarter, and are at present in a Satisfactory condition, and in Successful operation. they are occupied by, and accomodate nearly Five Hundred dependent Freedpeople suffering from insanity, imbecility, old age, infirmities &c. also quite a number of deaf Mutes, and blind. with a percentage of discharged colored Soldiers, having unadjusted claims against the United States Government for wounds and disabilities received in honorable Service during the late rebellion. additional preparation is constantly being made to afford accomodations for the continued increase of this Class of Freedpeople who are steadily received at this Village from the Freedmens Hospital in Washington D.C. and from various other Sources. all by authority of the Assistant Commissioner D.C. Notwithstanding the extreme and protracted Severity of the weather during the greater part of the quarter just ending the requisite quantities of food, Clothing, and fuel were regularly requisitioned, drawn, and issued to the dependents at this Village rendering them as far as practicable comfortable, and contented.

NARA 183

Continued and pressing applications for temporary relief from the class of Freedpeople known as Self supporting living in the vicinity created in the opinion of the Superintendent a just necessity on his part to forward for approval by the Asst Commissioner D.C. two Ration returns for One thousand Contraband Rations, each. these were gratuitously and judiciously distributed to many worthy Freedmen and their families. Who upon investigation were found Suffering from the many accidental causes incident to a continued and unusually severe winter. Since the opening of Spring constant attention has been given to the thorough policing. as well as to an improvement in the genral Sanitary condition of the Village. The Parks have been cleaned of debris. trees trimmed of Superlus boughs. and undergrowth. Fencing and Houses whitewashed. and the entire drainage and roads reopened and graded. Considerable damage having been caused by the intense cold to the water Pipes. and Hydrants in the Village they required. and have received Satisfactory repairs. and are at present in good working order. ~~For the purpose of~~ For the purpose of economizing labour. ~~and~~ as well as to facilitate transportation the Superintendent requested and obtained permission from the Asst Com D.C. to remove one of the Sheds attached to the old Stables. and to erect the Same closely adjacent to the Head Quarters Stable this improvement when completed. will accommodate the entire number of Govt Horses in Servic at this Village under one Roof. and also bring the Teams and Teamsters under closer Supervision on account of proximity to the Head Quarters Office. A Survey of that Section of the Arlington Estate known as the Government Farm. is at date of this report. Satisfactorily progressing. and the Land when Surveyed will without delay be rented to that class of Freedmen who are of known trustworthy and industrious habits.

NARA 184

acting Hospital Steward John McIlvain of Abbott Hospital at this Village, received a contract as an acting assistant Surgeon USA, from Surgeon Robert Rayburn. Surgeon in Chief D.C. to date from January 1st 1868 with an order to report to A.A. Surgeon H.N. Howard USA in Charge of Abbott Hospital, and Superintendent I.C. Med Agent Bureau R.F. & A.L. and acting Asst Surgeon at this Village was relieved from duty by Special Order to take Effect February 25th 1868 and ordered to turn over all Government and Bureau property to H.N. Howard Superintendent.

Reports on the complaints of the freedpeople.

Respectfully referred to Supt of Freedmen Village and his attention called to the following orders,

A stove should be furnished to Ann Hall if she can show a good title to one.

Kate Goldman & Jane Richardson will be discharged if young and able to work.

The complaint of Julia Hill, reported as absent, will be at once investigated and a report made to this office.

Saml Hall will be discharged as soon as able to work.

An estimate of the amount of work and expense necessary to carry out the recommendation of Supt Clark contained in 1st Par. will be at once forwarded, and measures taken to put the proposed plan in operation

NARA 188

Bureau Refugees Freedmen and Mandoned Lands
Head Quarters Asst. Comm. DC.
Washington April 15th 1868

Bvt. Brig Gen. O. O. Howard
Assistant Commissioner DC.
General.

Refering to the complaints of freed people at Freedmens Village Va. I have the honor to submit the following report after a careful personal investigation

× × × × ×

1st Ann Gresham complains that she does not receive wages as promised, that her stove was taken from her. Ann is about fifty eight years old and has been classed as a dependent for three years past. She, in common with other dependents, is required to work what she is able. In my opinion she is not capable of earning enough to provide for herself and consequently I cannot recommend that wages be paid her. She states and says she can prove, that she carried to Freedmens Village a stove that cost her $7.50/100, that said stove was taken away by the former Assistant

NARA 189

Superintendent condemned and sold, that she was given a government slave in place thereof. I have no doubt that Lieut Bergevin the officer that changed the slaves, had receipted to his predecessor for the one she claimed as Government property and was therefore responsible for it. I would recommend however that if she can establish the truth of her statement, a slave of equal value be issued to her.

She had made complaint regarding her slave and wages to Dr Howard

× × × × ×

4th Kate Feldman and Jane Richardson were absent. I am informed that they are young women.

× × × × ×

7th Julia Hill was absent

8th. Samuel Hall complains of insufficiency of clothing and refusal of Dr Howard to issue him what is necessary. He appeared before me comfortably clad, said he has (3) three coats, (3) three pair trowsers, (1) one jacket, (3) three shirts, one (1) pair of drawers. I dont think he is suffering for want of clothing. He has a wife and babe, all dependent on the government for support. When admitted to the village about a year since, he was crippled and has been unable to work ever since, but

is now nearly recovered from his injuries and should go out to earn his own support as soon as able.

× × × × ×

18th In regard to the insufficiency of food. A large number of the dependents, among which are all named above, live in detached houses, each family separately, to these uncooked rations are issued, according to the number in family, for five days at a time. By wasteful cooking, entertainment of visitors and friends from the city, or elsewhere, and perhaps other improper uses, the rations are exhausted before the time for a new issue A due regard for the interests of the government (but not forgetting the real necessities of these dependent people) will not permit a less economical issue of subsistence than at present. I am confirmed in these opinions by the fact that the same relative quality and quantity of rations are cooked and placed upon the table in the Home building and are found ample, there being no complaint of insufficiency of food among the regular inmates, who receive their rations in this way, which issued as above stated leave the recipients hungry and dissatisfied

NARA 191

I would therefore earnestly recommend that the system of issuing raw rations to separate families be abandoned as early as practicable, and that kitchens and dining rooms of sufficient capacity be provided to accomodate all the permanent dependents with cooked meals at regular hours.

A faithful application of this plan would in my judgment, benefit the people and be less expensive than the present system.

Respectfully
Your obedient servant.

NARA 193

Bureau Refugees, Freedmen, and Abandoned Lands,

Headquarters Ass't Commissioner, District Columbia,

Washington, April 16th, 1868.

General O. O. Howard,

Asst Commissioner,

General: I have the honor to call your attention to the case of Samuel Hall, a dependent freedman, an inmate of Freedmen's Village. This man was married to a freedwoman, also dependent, some two months since by Rev. Mr. Maddox, a colored minister at the village, under a license procured by Hall at Alexandria, Va.

As the dependent inmates of Freedmens Village are - or are supposed to be - permanently disabled by physical causes and will while they live be a burden to the government, there should, it seems to me, be some regulation to prevent their intermarriage. Children brought into the world by such parents, and under such circumstances have but the most hopeless future; and their multiplication should, in my opinion, be discouraged.

Respectfully

Your obt. servant,

O. Howard

Bureau Refugees Freedmen & Ab'd Lands
Office Local Superintendent D.C
Washington D.C. June 25th 1868

Major

In compliance with Special Order No 44. dated Bureau R.F & A.L. Head Quarters. Asst Comm'r D.C. Washington D.C. June 19th 1868. "directing that J.W. Vandenburgh Local Supt D.C and C.B. Purvis A.A. Surg. U.S.A. constitute a board for the investigation of Freedmens Village Va." We have inspected the said Freedmans Village, and carried out to the best of our ability the instructions contained in a letter of instructions, dated Head Quarters. Asst Com'r D.C. Washington. June 19th 1868 and have the honor to submit the following report:

We find that there are now at Freedmens Village, including all classes of colored people, Men 262. Women 362 and Children 246. under 14 years of age. Total 870, of this number there are 160 Men, 215 Women and 123 Children (so called dependents) Total. 498 of the number of dependents we find 15 men and 38 women (with 35 children) able to work. For names and condition see accompanying List No 1. also 7 Orphan Children 12 years of age able to work, See List No 2. also of this number 4 men, 10 women. Total 14. should be immediately expelled from the Village. See list of names No 3.

There are however 143 Men, 167 Women and 81 Children unable to support themselves and are really dependents from various reasons

NARA 196

ie, superannuated, crippled or imbeciles, there are however amongst this class of people many who although crippled so as to incapacitate them for much manual labor, yet they could on account of the number of them take the place of another class of people at the Village,

The colored Employees, who number with their families 89 (of which 36 are men, 31 women and 22 children under 14 years of age. See List No 4. 39 of this number are regular employees whose pay amounts to $393.00 monthly. All the work done by these men and women could be performed by the dependents, and we have the Honor respectfully to recommend that at least 25 of these employees be discharged, and that their places be filled by those dependents who can perform light duties without pay, at least $250 per month can be saved in wages, besides the rations for the families of the employees (who now draw rations) Every member of these families are healthy and able bodied, the dependents will be much better off by performing some light duties daily, in fact there is no work about the Village that the dependents cannot do.

There is yet another class of so called dependents ie, very old men crippled from various causes, and in some cases blind, who have young and healthy wives with from 1 to 4 children under 12 years of age. Many of these parties have been married while at the Village and are now raising families of children; this kind of marriages should not be allowed, as in most cases a middle aged woman marries an old cripple or blind man to get a home and rations for

NARA 137

herself and children, thinking as they are free to say that the Government will not seperate their family, and as the old man cannot work, the wife is certain of a home, plenty to eat and nothing to do, such women should either be put at work in the Home, Hospital, Wash House and Cook House or at once be put out of the Village. Of the grand total there are 75 men, 78 women and 18h children under 14 years of age. Total 2h0 who are called renters, but very few of whom have paid rent for many months, they are in the main an indolent and impudent class of people, who work just enough to provide daily food, this is the class of persons who are foremost in all turmoils and we are satisfied was the cause of the recent trouble at the Village. All this class of people are "able bodied" and should be ordered from the Village, and we have the honor respectfully to recommend that 20 tenement houses occupied by this class of people be razed, there should be (in our opinion) but two classes of people allowed to remain in Freedmens Village, i.e, "Dependents" and those who rent grounds for farming, no able persons should be suffered to remain, this cannot be done unless a number of the tenements are razed, for so long as a vacant tenement remains such people will work into them, and so long as they remain will there be turmoils dissatisfaction and adultery, without them the families who are industrious (and quiet people) and the superannuated, crippled and imbecile (dependents) will be orderly and happy.

In conclusion we would recommend that means be taken for

NARA 198

for securing homes for those children who have mothers, but whose mothers are dependent upon the Government, the interest of both mother and child demand this and will be promoted, the government also relieved of an unnecessary burden.

We are also of the opinion that the continuation of Freedmens Village for an indefinite time as a Home for dependent freedmen is not an absolute necessity, as the number of actual dependents are but 389 which number could be reduced by removing the cause of dependency of many. In comparison with freedmen of Washington D.C. who once were considered dependent, but who now receive no assistance from the Government other than Medical, the dependents of Freedmens Village as a class are in no way less capacitated to sustain themselves.

To alleviate some of the disabilities under which the village is now laboring, we would suggest that the residence of the Superintendent be located in the village, the duties of the Medical officer of the day be so modified as not to require him to render medical assistance to any persons living outside of the Village, and that no persons be allowed to receive rations who are not absolutely dependent, except to such new "dependents" that may take the places of the present employees.

To carry out this plan, an Agent should be employed for the issue of rations, under bonds for $1000.00/100.

Very Respectfully

Your obt Servants

Reports of the operations of the Bureau from this office have heretofore been circular in dates, the last terminated on the 31st of October 1867; In this report I have repeated that for the months of October, in compliance with an Endorsement (On letter of inquiry from this office,) from the Com office of January 18th 1868.

The old Home House building referred to in the last report, as undergoing repairs and Enlargement, was completed early in November 1867 and is at present, comfortably occupied by Eighty five aged and infirm dependant women One hundred & twenty five dependant women & children living in adjacent tenements Toney are supplied with food from the Kitchen Department attached to this building, which operates a large sized range for cooking purposes,

Seven tenements Toney called "Barracks" contiguous to the old Hospital proper, have been repaired and rendered comfortable and are at present occupied by Eighty Seven aged infirm, insane and imbecile dependant freedmen,

The old Hospital formerly occupied partially by female patients, now contains none but males. the female patients having been removed to the more commodious and comfortable sick ward in the old Home House building thus increasing the Hospital accommodation for men which was very greatly required from the large admission of patients demanding constant medical supervision, The Entire class of dependents are fed from the old Hospt Mess House, which has been enlarged, and accomodates Eighty persons at four large dining tables -

Agreement

June 5th 1924

1824

NARA 437

To Col Eaton

Asst Commr &c

Sir

The servant alluded to in the appended Articles of Agreement named Ellen Upshur was indentured without the consent or knowledge of her mother then at Freedmans Village she has proved refractory and immoral and now desire to be released from these Articles of Agreement

October 16 1865

Very Respectfully
A R Wadsworth.

Indenture by the laws of the State in which the parties are residing at the time. And further, that the expenses of attesting and delivering these presents shall be paid by the party to whom the said apprentice is hereby bound.

In Testimony Whereof, the said parties hereto have hereunto set their hands and affixed their seals, this 8th day of June 186[illegible]

Chas McFeely
Lt. Col. and Chief Quartermaster,
Dep't of Washington and 22d Army Corps.

A. R. Wadsworth

Signed and delivered in presence of—

E A Hodgman
Henry L Crabbe

NARA 433

These Articles of Agreement, made the 8th day of June Anno Domini one thousand eight hundred and sixty four between Lt. Col. ELIAS M. GREENE, Chief Quartermaster of the Department of Washington and the 22d Army Corps, in charge of the "Government Farms" and the "Freedman's Village," Va., and A. R. Wadsworth resident of Montgomery Co Maryland **Witnesseth:**

First. That the said Lt. Col. ELIAS M. GREENE, for and on behalf of the United States of America, has placed and bound out, and by these presents does place and bind out, as ~~an apprentice~~ a Servant, Ellen Upsher to learn the ~~trade~~ duty of a Servant and to continue with the said A. R. Wadsworth until the 8th day of June 1871 when ~~he~~ the said ~~apprentice~~ Servant shall have attained the age of 21 years, and to continue subject, during that period to the conditions and covenants hereinafter mentioned.

Second. The said Ellen Upsher ~~apprentice~~ Servant, shall well and faithfully serve the said A. R. Wadsworth in all such lawful business as the said ~~apprentice~~ Servant shall be put unto by the said A. R. Wadsworth according to the best of ~~his~~ her ability, and honestly and obediently, in all things, shall behave ~~himself~~ herself towards the said A. R. Wadsworth and orderly towards the rest of the family of the said A. R. Wadsworth

Third. And the said A. R. Wadsworth on his part, does hereby promise and agree to teach and instruct the said ~~apprentice~~ Servant, or cause ~~him~~ her to be taught and instructed, in the ~~art and mystery of the trade of~~ duty of a Servant by the best means he can, and also to teach and instruct the said ~~apprentice~~ Servant, or cause ~~him~~ her to be taught and instructed, in reading and writing; and shall provide for the said ~~apprentice~~ Servant good and sufficient meat, drink, clothing, and lodging, fit and convenient for such ~~an apprentice~~ a Servant, during the term aforesaid; and, at the expiration thereof, shall give the said ~~apprentice~~ Servant two suits of strong clothing—one suitable for week-days, and the other for Sundays—and the sum of five dollars current money of the United States.

Fourth. That upon the failure of the said A. R. Wadsworth to execute and fulfil the conditions set forth in the third section of this agreement, he shall pay, or cause to be paid, to an authorized agent of the United States, a forfeiture of one hundred dollars in current money of the United States, and shall reimburse the United States for all expense it may be made to incur in consequence of the failure of the said A. R. Wadsworth to execute and fulfill any of the conditions contained within this agreement, in addition to any penalties which may be prescribed, for violation of articles of indenture, by the laws of the State in which the parties are residing at the time. And further, that the expenses of attesting and delivering these presents shall be paid by the party to whom the said apprentice is hereby bound.

IN TESTIMONY WHEREOF, the said parties hereto have hereunto set their hands and affixed their seals, this 8th day of June 1864

Chas M. Greene
Lt. Col. and Chief Quartermaster,
Dep't of Washington and 22d Army Corps.

A. R. Wadsworth

NARA 441

These Articles of Agreement, made the 29th day of September Anno Domini one thousand eight hundred and sixty four between ~~Lt. Col. Ellis M. Greene~~ Col J A Ellison, Chief Quartermaster of the Department of Washington and the 22d Army Corps. in charge of the "Government Farms" and the "Freedman's Village," Va., and Mrs Harrison resident of Washington DC **Witnesseth:**

First. That the said ~~Lt. Col. Ellis M. Greene~~ Col J A Ellison, for and on behalf of the United States of America, has placed and bound out, and by these presents does place and ~~bind out~~, as ~~an~~ servant ~~apprentice~~ William H Taylor to learn the ~~trade~~ duty of a servant and to continue with the said Mrs Harrison until the day of when he, the said ~~apprentice~~ servant, shall have attained the age of 21 years, and to continue subject, during that period to the conditions and covenants hereinafter mentioned.

Second. The said William H Taylor ~~apprentice~~ servant, shall well and faithfully serve the said Mrs Harrison in all such lawful business as the said ~~apprentice~~ servant shall be put unto by the said Mrs Harrison according to the best of his ability, and honestly and obediently, in all things, shall behave himself towards the said Mrs Harrison and orderly towards the rest of the family of the said Mrs Harrison

Third. And the said Mrs Harrison on ~~his~~ her part, does hereby promise and agree to teach and instruct the said ~~apprentice~~ servant, or cause him to be taught and instructed, in the ~~art and mystery of the trade of~~ duties of a servant by the best means she can, and also to teach and instruct the said ~~apprentice~~ servant, or cause him to be taught and instructed, in reading and writing; and shall provide for the said ~~apprentice~~ servant good and sufficient meat, drink, clothing, and lodging, fit and convenient for such an ~~apprentice~~ servant, during the term aforesaid; and, at the expiration thereof, shall give the said ~~apprentice~~ servant two suits of strong clothing—one suitable for week-days, and the other for Sundays—and the sum of five dollars current money of the United States.

Fourth. That upon the failure of the said Mrs Harrison to execute and fulfill the conditions set forth in the third section of this agreement, she shall pay, or cause to be paid, to an authorized agent of the United States, a forfeiture of one hundred dollars in current money of the United States, and shall reimburse the United States for all expense it may be made to incur in consequence of the failure of the said Mrs Harrison to execute and fulfill any of the conditions contained within this agreement, in addition to any penalties which may be prescribed, for violation of articles of indenture, by the laws of the State in which the parties are residing at the time. And further, that the expenses of attesting and delivering these presents shall be paid by the party to whom the said ~~apprentice~~ servant is hereby bound.

IN TESTIMONY WHEREOF, the said parties hereto have hereunto set their hands and affixed their seals, this 29th day of September 1864

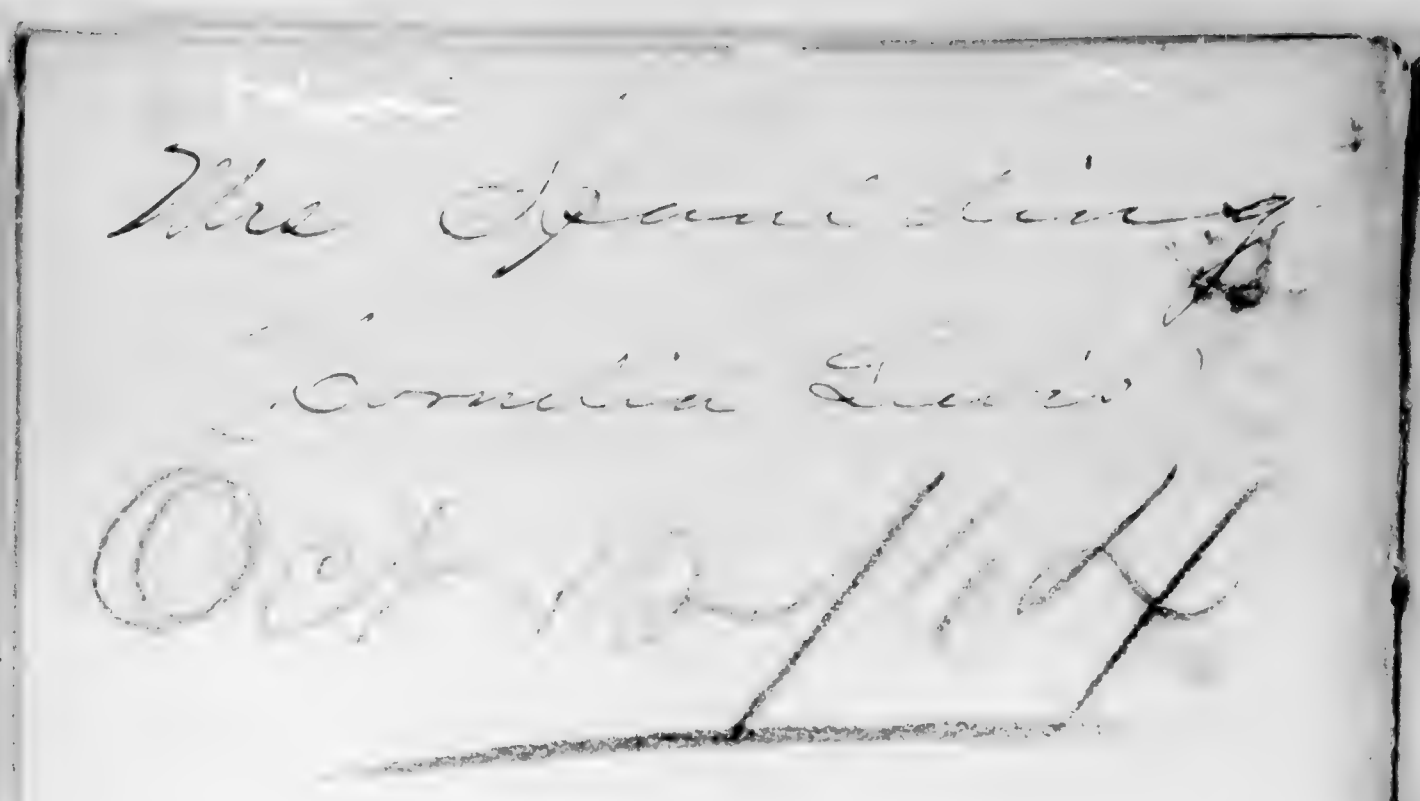

John A Ellison
Lt. Col. and Chief Quartermaster,
Dep't of Washington and 22d Army Corps.

NARA 444

Georgetown D.C. June 29th 1863

Sir

On the 25th of the month, Sunday, I took my girl; Cornelia Lewis, to Freedmen's village to see her mother. when we reached there, she went off with a lot of children and kid herself. Yesterday I went to Capt, Carr, and demanded her, he gave me no satisfaction, and said they were free, and that he had no more right to go into one of those houses for her, than he had to go to Washington and enter any house there and drag forth its inmates. he called for a guard to search for the girl, and he said that there was none there. she is bound to me for

L

NARA 445

eight-years, and I can
produce papers, to that effect,
therefore I demand the girl.

Respectfully
H. H. Spalding

INSTRUCTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. The reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the mouth, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

REMARKS.

I certify that this Report is correct and true to the best of my knowledge and belief.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

REMARKS.

I certify that this Report is correct and true to the best of my knowledge and belief.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

REPORT

OF

Sick and Wounded Refugees and Freedmen

Station Freedmens Village Va.

District of Columbia

Month of November, 1867.

FORWARDED BY

.....

.....

.....

Surgeon-in-Chief

Here specify legibly the names of the Hospitals, Camps, Plantations, &c., the statistics of which are included in the within Report.

Retained Copy in Quarters,

REMARKS.

Sophia Fowles the wife of a self supporting freedman, at Freedmens Village Va. aged 43 yrs. was taken in labor on the morning of the 5th of November 1867 about 5 o.clk. a.m. It was her fifteenth child, and she had experienced no unusual trouble in her previous confinements. I saw her first about 2 P.M. on the same day, and found upon examination. The right shoulder down in the second position. with the forearm and a coil of the umbilical cord, about 6 inches in length, protruding through the vulva: all pulsation in the latter having ceased, it was clearly evident that the child was dead, and the indication being to turn and deliver by the feet; I made careful efforts to introduce my hand through the os uteri, but found it at once pinioned by violent muscular contraction of the womb, this rigidity was very greatly relaxed in a few hours by Tinct Opii enema, and Belladona. When having determined from the general unfavorable Condition of the woman that immediate measures were required to prevent a serious result; I again made an examination, and succeeded in passing my hand through the os, over the thorax and abdomen to the feet of the child, which I turned and delivered entirely, by mechanical effort. The woman died subsequently from violent puerperal peritonitis.

I certify that this Report is correct and true to the best of my knowledge and belief.

Signed N. H. Howard Insp.

a.a. Surgeon U.S.A.

In charge of Abbott Hospital Va.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

REPORT

OF

Sick and Wounded Refugees and Freedmen.

Station Freedmen's Hosp Va

District of Columbia

Month of March, 1865.

FORWARDED BY

Patrick M. Hoyt

Surgeon-in-Chief

Here specify legibly the names of the Hospitals, Camps, Plantations, &c., the statistics of which are included in the within Report.

REMARKS.

April 22, an unmarried freedman who was operated upon for Hernia at Alexandria on the 13th of March last, and was discharged for treatment at abbott Hospn March 28th 1866. The case terminated favorably

I certify that this Report is correct and true to the best of my knowledge and belief.

A A Surgeon U.S.V.

In charge of Abbott Hospl Va.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

REPORT

OF

Sick and Wounded Refugees and Freedmen.

Station [illegible]

District of [illegible]

Month of April *1868.*

FORWARDED BY

Reliance in Hospt

Surgeon-in-Chief .....

Here specify legibly the names of the Hospitals, Camps, Plantations, &c., the statistics of which are included in the within report.

REMARKS.

Martha Struck — case of Operation for occlusion of Vagina — reports in last Months Remarks — improving slowly —

Willie Wade (colored) aged 2 years while playing with a small piece of [illegible] about 18 feet in length, fell & struck having the [illegible] portion [illegible] & the sharp ends of the [illegible] in his mouth, the [illegible] [illegible] & severed [illegible] the suspensorium posterior portion of the Inferior Maxillary region [illegible] in front of the Palate [illegible] a small fragment of the wood [illegible] in [illegible] imprisoned in the soft tissues & structures surrounding the [illegible] Difficulty was met in the removal of this fragment [illegible] once it was followed by [illegible] hemorrhage & this was checked by [illegible] through a [illegible] cannula into the [illegible] cavities [illegible] Fort Delaware Ferri — at date of this report the child is improving eating solid food with little or no [illegible]

I certify that this Report is correct and true to the best of my knowledge and belief.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

REPORT

OF

Sick and Wounded Refugees and Freedmen.

Station Freedmen's Hospital

District of Columbia

Month of May, 1868.

Resi Surgeon

FORWARDED BY

Surgeon-in-Chief

Here specify legibly the names of the Hospitals, Camps, Plantations, &c., the statistics of which are included in the within Report.

REMARKS.

Martha Brock a Virginia Mulatto woman was admitted July 27th 1867 suffering from an operation for occlusion of vagina. Performed by A.A.Surg. Andrew Alexander. The patient done well until the 20th of May. She was attacked with severe vigors great disturbance of the cerebral functions, rapid feeble pulse, with acute pain of the hypogastrium and a dark yellow color of the whole surface of the body. On the evening of the 21st of May she died. An autopsy was held and upon examination & the dissection of the uterus vagina & surrounding parts was found effused considerable coagulable lymph organized. and a general adhesion, even with false membranous patches observed all over the intestines. Cause of death Peritonitis. there was no evidence of disease in any other organs of the body.

I certify that this Report is correct and true to the best of my knowledge and belief.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hand of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

REPORT

OF

Sick and Wounded ~~Refugees and~~ Freedmen.

Station *Freedmen's Village Va.*

District of Columbia

Month of June 1868.

FORWARDED BY

Surgeon-in-Chief

Here specify legibly the names of the Hospitals, Camps, Plantations, &c., the statistics of which are included in the within report.

REMARKS.

I certify that this Report is correct and true to the best of my knowledge and belief.

Surgeon

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

REPORT

OF

Sick and Wounded Refugees and Freedmen.

Station Freedmen's Hospital

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hand of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in accompanying letter of transmittal.

FORWARDED BY

Surgeon-in-Chief

legibly the names of the Hospitals, Camps, Plantations, &c., the statistics of which are included in the within report.

REMARKS.

certify that this Report is correct and true to the best knowledge and belief.

Surgeon

In charge of

MONTHLY REPORT

OF

Sick and Wounded Refugees and Freedmen.

TO BE FORWARDED BEFORE THE FIFTH OF THE MONTH ENSUING THAT REFERRED TO IN THE REPORT.

[SEE DIRECTIONS ON THE SECOND PAGE.]

Station, Freedmen's Village District of Columbia. Month, August, 1864

I. TAKEN ON SICK REPORT AND DIED DURING THE MONTH.

Under the heading of new cases only the GAIN will be entered; but all deaths occurring during the month are to appear in the column of deaths.

TABULAR LIST OF DISEASES.	No. remaining at date of last report.	NEW CASES. Adult Males.	Adult Females.	Male Children.	Female Children.	TOTAL.	ALL DEATHS. Adult Males.	Adult Females.	Male Children.	Female Children.	TOTAL.

M. M.

RETURN

OF

Medical and Hospital Property,

RECEIVED, EXPENDED, ISSUED,

AND

REMAINING ON HAND,

For the Quarter ending Dec. 31st, 1866,

At Washington D. C, *Hospital,*

IN CHARGE OF

D. N. Howard

A. A. *Surgeon U. S. A.*

WAR DEPARTMENT,

BUREAU OF REFUGEES, FREEDMEN, AND ABANDONED LANDS.

The Original of this Return was forwarded by mail to

Office Chief Medical Officer ....., 186 .

.....

..... *Surgeon U. S.* .....

Rcd. O. C. M. O. Jany 5th 1867

NARA 675

OBSERVE THE FOLLOWING DIRECTIONS:

Send with the "*Original for the Treasury Department*" one complete set of Vouchers, as required by Paragraph 1273, Revised Army Regulations, unless all the Vouchers have been sent to this office at the time of the respective issues.

Send the "*Duplicate for the Office Chief Medical Officer*" by a different mail.

Keep with the "*Triplicate to be retained*" a complete set of Vouchers, exact duplicates of those transmitted with the "*Original.*"

No articles returned as "*Lost or destroyed by unavoidable accident*" will be allowed, unless the certificate required by Paragraphs 1030, 1031, Revised Army Regulations, is filed as a Voucher to this Return.

No articles can be returned as "*Worn out and unfit for use*" until after inspection and condemnation by a properly authorized board —(See Paragraph 1033, Revised Army Regulations.)

Only Medicines, Hospital Stores, Dressings, Stationery, and perishable articles can be expended.

D. H. Johnson

Captain & A. S. U. S. A

STATION: U. S. A. Office
Washington D.C.

DATE: May 25th 1865.

NARA 708

FOLD THIS RETURN IN THE DIRECTION OF THE VERTICAL RULED LINES.

NOTICE THE DIRECTIONS ON THE FIRST PAGE.

TRIPLICATE.

(To be retained by the Officer making the Return.)

RETURN

OF

Medical and Hospital Property,

RECEIVED, EXPENDED, ISSUED,

AND

REMAINING ON HAND,

For the ..... *end'ng* June 30th. 1867,

At Abbott Hospital V.C. *Hospital,*

IN CHARGE OF

U. S. Howard

a a *Surgeon U. S* a.

WAR DEPARTMENT,

BUREAU OF REFUGEES, FREEDMEN, AND ABANDONED LANDS.

The Original of this Return was forwarded by mail to

Office Chief Medical Officer July 1st, 1867.

U. S. Howard

a. a. *Surgeon U. S.* a.

NARA 789

OBSERVE THE FOLLOWING DIRECTIONS:

Send with the "*Original for the Treasury Department*" one complete set of Vouchers, as required by Paragraph 1273, Revised Army Regulations, unless all the Vouchers have been sent to this office at the time of the respective issues.

Send the "*Duplicate for the Office Chief Medical Officer*" by a different mail.

Keep with the "*Triplicate to be retained*" a complete set of Vouchers, exact duplicates of those transmitted with the "*Original.*"

No articles returned as "*Lost or destroyed by unavoidable accident*" will be allowed, unless the certificate required by Paragraphs 1030, 1031, Revised Army Regulations, is filed as a Voucher to this Return.

No articles can be returned as "*Worn out and unfit for use*" until after inspection and condemnation by a properly authorized board —(See Paragraph 1033, Revised Army Regulations.)

Only Medicines, Hospital Stores, Dressings, Stationery, and perishable articles can be expended.

....., 186 .

NARA 762

OBSERVE THE FOLLOWING DIRECTIONS:

Send with the "*Original for the Treasury Department*" one complete set of Vouchers, as required by Paragraph 1273, Revised Army Regulations, unless all the Vouchers have been sent to this office at the time of the respective issues.

Send the "*Duplicate for the Office Chief Medical Officer*" by a different mail.

Keep with the "*Triplicate to be retained*" a complete set of Vouchers, exact duplicates of those transmitted with the "*Original.*"

No articles returned as "*Lost or destroyed by unavoidable accident*" will be allowed, unless the certificate required by Paragraphs 1030, 1031, Revised Army Regulations, is filed as a Voucher to this Return.

No articles can be returned as "*Worn out and unfit for use*" until after inspection and condemnation by a properly authorized board —(See Paragraph 1033, Revised Army Regulations.)

Only Medicines, Hospital Stores, Dressings, Stationery, and perishable articles can be expended.

REMARKS.

I CERTIFY that the above Return is correct, to the best of my knowledge, and that the medicines and stores have been expended with the sick under charge of the Bureau alone.

STATION: Fredericus Village Va.

December 31st, 1867.

A. A. Surgeon U. S. V. and Superintendent

NOTICE THE DIRECTIONS ON THE FIRST PAGE.

Returns of Medical and Hospital Property are required annually, on the 31st of December, and "when relieved from the duty to which such Returns relate."—(Paragraph 1272, Revised Army Regulations.)

Invoices and Receipts required by Par. 1273, Rev. Army Reg., will be transmitted with the Return, (except in the case of Medical Purveyors and Storekeepers.) and not at the time of making the transfer.

Invoices and Receipts must be entered on the Property Return, and numbered in the order of priority of date.

I CERTIFY that the preceding Invoice is correct.

P. F. Johnson
Capt. & A. S. ~~Surgeon~~ U. S. Army.

STATION: M. S. K. Office.
Washington D.C.

DATE: April 8th. 1868.

(TRIPLICATES.)

NARA 316

FOLD THIS RETURN IN THE DIRECTION OF THE VERTICAL RULED LINES.

NOTICE THE DIRECTIONS ON THE FIRST PAGE.

TRIPLICATE.

(To be retained by the Officer making the Return.)

RETURN

OF

Medical and Hospital Property,

RECEIVED, EXPENDED, ISSUED,

AND

REMAINING ON HAND,

for the ..... ending June 30th, 186[illegible]

at Indiana City, Ky. Hospital

IN CHARGE OF

A. A. Howard

aa Surgeon U. S. V. & Engl

WAR DEPARTMENT,

BUREAU OF REFUGEES, FREEDMEN, AND ABANDONED LANDS.

The Original of this Return was forwarded by mail to

Office Chief Medical Officer ....., 186..

.....

Surgeon U. S.

NARA 817

OBSERVE THE FOLLOWING DIRECTIONS:

Send with the "*Original for the Treasury Department*" one complete set of Vouchers, as required by Paragraph 1273, Revised Army Regulations, unless all the Vouchers have been sent to this office at the time of the respective issues.

Send the "*Duplicate for the Office Chief Medical Officer*" by a different mail.

Keep with the "*Triplicate to be retained*" a complete set of Vouchers, exact duplicates of those transmitted with the "*Original.*"

No articles returned as "*Lost or destroyed by unavoidable accident*" will be allowed, unless the certificate required by Paragraphs XIII, XIV, Article II, "Bureau Officer's Manuel," is filed as a Voucher to this Return.

No articles can be returned as "*Worn out and unfit for use*" until after inspection and condemnation by a properly authorized board—(See Paragraph X, Article IV, Bureau Officer's Manuel.)

Only Medicines, Hospital Stores, Dressings, Stationery, and perishable articles can be expended.

A. A. Surgeon U. S. A

STATION: Washington

DISTRICT OF Columbia

DATE: September 30 1864

HARA 837

FOLD THIS RETURN IN THE DIRECTION OF THE VERTICAL RULED LINES.

NOTICE THE DIRECTIONS ON THE FIRST PAGE.

TRIPLICATE.

(To be retained by the Officer making the Return.)

RETURN

OF

Medical and Hospital Property,

RECEIVED, EXPENDED, ISSUED,

AND

REMAINING ON HAND,

For the ..... *ending* Oct 31, 186 5

At ..... *Hospital*

IN CHARGE OF

.....

..... *Surgeon U. S.*

WAR DEPARTMENT,

BUREAU OF REFUGEES, FREEDMEN, AND ABANDONED LANDS.

The Original of this Return was forwarded by mail to

Office Chief Medical Officer ....., 186 .

.....

..... *Surgeon U. S.* .....

NARA 838

OBSERVE THE FOLLOWING DIRECTIONS:

Send with the "*Original for the Treasury Department*" one complete set of Vouchers, as required by Paragraph 1273, Revised Army Regulations, unless all the Vouchers have been sent to this office at the time of the respective issues.

Send the "*Duplicate for the Office Chief Medical Officer*" by a different mail.

Keep with the "*Triplicate to be retained*" a complete set of Vouchers, exact duplicates of those transmitted with the "*Original.*"

No articles returned as "*Lost or destroyed by unavoidable accident*" will be allowed, unless the certificate required by Paragraphs XIII, XIV, Article II, "Bureau Officer's Manuel," is filed as a Voucher to this Return.

No articles can be returned as "*Worn out and unfit for use*" until after inspection and condemnation by a properly authorized board—(See Paragraph X, Article IV, Bureau Officer's Manuel.)

Only Medicines, Hospital Stores, Dressings, Stationery, and perishable articles can be expended.

Surgeon U. S. A

NOTICE THE DIRECTIONS ON THE FIRST PAGE.

Returns of Medical and Hospital Property are required semi-annually, on the 30th of June and 31st of December, and when relieved from the duty to which such Returns relate.—(Paragraph 9, Article IV, Officer's Manuel.)

NARA 853

FOLD THIS RETURN IN THE DIRECTION OF THE VERTICAL RULED LINES.

NOTICE THE DIRECTIONS ON THE FIRST PAGE.

TRIPLICATE.

(To be retained by the Officer making the Return.)

RETURN

OF

Medical and Hospital Property,

RECEIVED, EXPENDED, ISSUED,

AND

REMAINING ON HAND,

For the ..... *ending* ....., 186 ,

At ..... *Hospital*

IN CHARGE OF

.....

..... *Surgeon U. S.*

WAR DEPARTMENT,

BUREAU OF REFUGEES, FREEDMEN, AND ABANDONED LANDS.

The Original of this Return was forwarded by mail to

Office Chief Medical Officer ....., 186 .

.....

..... *Surgeon U. S.* .....

NARA 854

OBSERVE THE FOLLOWING DIRECTIONS:

Send with the "*Original for the Treasury Department*" one complete set of Vouchers, as required by Paragraph 1273, Revised Army Regulations, unless all the Vouchers have been sent to this office at the time of the respective issues.

Send the "*Duplicate for the Office Chief Medical Officer*" by a different mail.

Keep with the "*Triplicate to be retained*" a complete set of Vouchers, exact duplicates of those transmitted with the "*Original.*"

No articles returned as "*Lost or destroyed by unavoidable accident*" will be allowed, unless the certificate required by Paragraphs XIII, XIV, Article II, "Bureau Officer's Manuel," is filed as a Voucher to this Return.

No articles can be returned as "*Worn out and unfit for use*" until after inspection and condemnation by a properly-authorized board—(See Paragraph X, Article IV, Bureau Officer's Manuel.)

Only Medicines, Hospital Stores, Dressings, Stationery, and perishable articles can be expended.

RETURN OF MEDICAL AND HOSPITAL PROPERTY received, expended, issued, and remaining

Issues Circular Letter re-
garding Officers of the Bureau
presenting Medical Bills &c

NARA 303

War Department
Bureau of Refugees, Freedmen & Abandoned Lands
Washington April 4th 1867

Circular Letter
No. 8

General

It having come to the knowledge of the Commissioner that in some cases Commissioned Officers on duty in the Bureau have presented bills for Medical attendance upon themselves by a private Physician at places where an Acting Assistant Surgeon is employed in the service of the Bureau; he directs that in future medical attendance must be procured from the Medical Officer of the Bureau on duty at the place or vicinity where the Officer is sick or the Officer must pay the bill himself. In no case will any payment be made by the Bureau for medical attendance at places where a Medical Officer is on duty

Assistant Commissioner and Surgeons in Chief of Districts hereafter will not allow more than fifty (50) dollars per month, where a contract is made for service in the Bureau with an Acting Assistant Surgeon, who is at the same time employed under contract by the Medical Department of the Army to attend troops

By order of

Major General O. O Howard Commissioner

(Signed) A. P. Ketchum
Acty Asst Adjt General (acw)
